- Xampp
- Apache NetBeans
- IntelliJ IDEA
- Microsoft Office
- GitHub

LANGUAGE
- Bangla
- English

TRAINING AND CERTIFICATION

2024	Course Completion	Web Development by Sololearn
2024	Course Completion	Introduction to JavaScript by Sololearn
2024	Course Completion	JavaScript Intermediate by Sololearn
2024	Course Completion	Introduction to Python by Sololearn
2024	Course Completion	Introduction to SQL by Sololearn
2024	Course Completion	SQL Intermediate by Sololearn
2024	Course Completion	CCNAv7: Introduction to Networks by Cisco Networking Academy

PROJECTS

❖ **Certificate Management System**

HTML, CSS, JavaScript, PHP

Designed and Developed a Web Application to automate the Certificate Related tasks of SSC and HSC examination

❖ **Multi Agent LLM for User story Compliance and Quality Using Free API**

Python

Developed a Multi Agent Model for user story refinement using Free Gemini API

❖ **Complaint Management System**

HTML, CSS, PHP

Designed and Developed a Web Application to manage and handle the complaints related work.

❖ **Birth Record Communication System**

HTML, CSS, JavaScript, PHP

Implemented an IoT Based Birth Record machine and Designed and Developed Web Application to monitor the Birth Record and Vaccination

❖ **Simulation of Ceramic Industry**

Java, FXML

Designed and Developed an application to simulate the work of Accountant and HR user in Ceramic Industry

❖ **Country Searcher**

HTML, CSS, JavaScript

Designed and Developed a Web Application to search and see information of any country using API

❖ **Jersey Store BD**

HTML, CSS

Designed a Web Application to see the information of Jersey

❖ **Meal Menu**

HTML, CSS, JavaScript

Designed and Developed a Web Application to search and see information of any meal using API

❖ **To-Do List Mobile App**

Java

Designed and Developed a To Do List Mobile Application

❖ **Country Searcher Mobile App**

Java

Designed and Developed a Mobile Application to search and see information of any country using API
